

Management – Team

Peter Nethe

After studying business economics at the Free University of Amsterdam (VU), Peter (30/3/1962) was affiliated with the Tinbergen Institute as a PhD-student in the department of 'Financing & Investment'. He subsequently held various positions within the financial industry, successively with Van Meer James Capel (Corporate Finance), Delta Lloyd Bank (Private Banking, Investment Analyst), Banque Paribas Nederland and Theodoor Gilissen Bankiers (Investment Strategist).

After that, Peter joined Wealth Management Partners as a partner/investment strategist. From this last position, he was asked to work as Chief Investment Officer (CIO) for a renowned international Single Family Office in Antwerp/Brussels (AtlasInvest).

As founder of Quant-Capital Partners and Assetgrip – Dedicated Family Office Software, Peter has also guided two other families in setting up their Single Family Office.

In addition, together with Tonko Gast, Peter is the founder of Assetgrip – Management. A fully licensed Amsterdam asset manager, which focuses on the structured & disciplined

management of liquid assets at low costs.

After his master's degree in business economics, Peter completed the postgraduate VBA course cum laude.
